

Customize a quilting table to your specific needs

The Nolting Commercial Frame

Our Commercial quilting frame

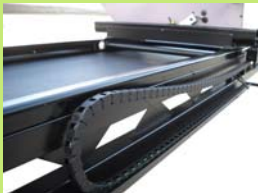

- **Powder coated paint for the smoothest carriage ride in the industry**
- **2" rollers made with 14ga steel. No flexing with heavy king quilts**
- **Easy advance handle for quick even rolling of your quilt**
- **Chain cord rolls with the machine to avoid stepping on the cord**
- **Easy to assemble, but we deliver and set up anyway**
- **Roller elevators for even dialing up of the quilt as it grows**
