The famous Nolting Commercial Line of machines has been in existence since we made our first machines. Many of our customers have held onto their machines for close to 30 years and are still happily sewing with them. When you purchase a high quality tool you can enjoy using it for many years to come.

Full 5 year parts and labor warranty

Commercial Line Package Options

The Nolting commercial steel frame. We can deliver the machine and frame to your home and provide setup, testing and training. With the purchase of a full system you get a free bobbin winder, extra bobbins, oil, patterns and a free day of training by our professional quilting trainers. Optional casters and/or hydraulic legs available.

Bobbin winder for either "L" or "M" sized bobbins

Add "M" sized bobbin and hook assembly for \$250.00

Package OPTIONS	Full System	Full System
	Straight handles	Curved handles
20"	\$10,900	\$11,400
24"	\$11,900	\$12,400
30"	\$12,900	\$13,400

The Commercial Head Assembly is identical to the ones we put in our Pro Series. No Corners are cut!

Needle up/down button allows you to lock in your stitches, bring up your bobbin thread, baste or stop with needle up or down.

Only 1 drop of oil every 8 hours of continuous use. No oil wells or complex places to get to.

12" florescent light for a perfectly lit work area. Switch out and insert a black light when needed.

Obvious thread path and tension device help you achieve your desired stitch quality.

Our famous hopping foot hops over seems without smearing your quilt. Other feet available.
