Stitch regulator

Round Foot for
ruler guides

The famous Nolting Commercial Line of machines has been in existence since we made our first machines. Many of our customers have held onto their machines for over 20 years and are still happily sewing with them. We have never had one wear out, and we challenge you to be the first to do so. Fairly unchanged since their inception, we say, "why mess with perfection"!

Commercial Line Package Options

The Nolting commercial steel frame. We can deliver the machine and frame to your home and provide setup, testing and training. Along with this you get a free bobbin winder, extra bobbins, oil, patterns and a free day of training by our professional quilting trainers.

Bobbin winder for both "L" & "M" sized bobbins

Add "M" sized bobbin and hook assembly for \$250.00

Package OPTIONS	Speed control only	Needle positioner	Stitch Regulated
18"	\$7900	\$ 8895	\$10495
20"	\$9400	\$10395	\$11,995
24"	\$10,400	\$11,395	\$12,995
30"	\$11,400	\$12,395	\$13,995

The Commercial Head Assembly is identical to the ones we put in our Pro Series. No Corners are cut!

Single stitch red button saves your fingertips from having to use the roller wheel when moving the needle one stitch at a time.

Only 1 drop of oil every 8 hours of continuous use. No oil wells or complex places to get to.

12" florescent light for a perfectly lit work area. Switch out and insert a black light when needed.

Obvious thread path and tension device help you achieve your desired stitch quality.

Our famous hopping foot assembly is just right for rulers and guides.
